## DEFECTION LEAFLET - FRONT

### APPEAL TO ALL COMMUNISTS BY THE NCFA

The National Committee for Free Albania calls upon all Albanian Communists who have been deceived and are sincerely repentant.

Albanian Communists, government and army officials, members of the police:

More and more Communists see through the lies and false promises of Moscow to the grim reality of Soviet imperialism.

More and more Communists are regretting the misery into which they have brought themselves and their homeland by bowing to the Soviet exploiters.

More and more Communists now know that love of homeland, of freedom, and of the people is impossible under the Bolshevik yoke.

More and more Communists have learned that there is no road under Communism except to insecurity, slavery and death.

And so, more and more repentant Communists, not only in Albania but throughout the Moscow-enslaved world, are enlisting on the side of freedom.

Thousands of repentant Communists are joining actively in the silent struggle against Moscow and the false Communist leadership

- by remaining at their posts where their eyes and ears and hands can damage Soviet schemes
- by using their position to aid and protect those who work towards liberation
- by escaping to the free world to carry on the fight against Bolshevism.

The NCFA gives its solemn promise that protection and help will be given to all sincerely repentant Albanian Communists.

DEFLECTION LEAFLET - BACK

Repentant Communists and officials:

The NCFA offers you the opportunity to join the fight for freedom, national independence and self-respect. So long as you are able, remain where you can help the cause from within. The NCFA remembers and protects its loyal supporters.

If you are endangered and are unable to act any longer within, escape to the free countries where you can continue the fight by other means.

If your good faith is verified, you will obtain security, protection and economic aid. Your identity will be shielded. You will be free to select your work in the liberation cause.

Consider seriously this invitation. Take proper measures to prove your good faith. Plan carefully your escape. Cross over to any non-Communist country. Immediately reveal your identity and ask to come in contact with a representative of the NCFA. Mention or show this invitation so you will be recognized.

The NCFA has representatives in Rome and Athens.

The NCFA is ready to receive you!

**REMEMBER**

The NCFA speaks for all nationalist Albanians, to whom the doors of freedom are always open.

This is a special opportunity for repentant Communists to redeem themselves before the NCFA and the Albanian people, who know their friends and enemies. Opportunistic Communists who wait until the last minute to ride the wave of liberation will not be counted as friends.

THE TIME FOR REPENTANCE AND ACTION IS NOW.
